76% Foreign qualified MBBS graduates pass NEB Exam

Islamabad 13th February 2016: PM&DC National examination board examination (NEB) step III OSCE/Viva was held at Allama Iqbal Medical College and Fatima Jinnah Medical University Lahore from February 11th to 13th February 2016 under the supervision of Shaheed Zulifqar Ali Bhutto Medical University / PIMS Islamabad. In the Step III examination total **681** candidates appeared from which in **522** candidates declared successful with 76% passing percentage.

The results of all the 3 parts of the exams were declared the same day. The total percentage of the Part **I** held on 11th February was **70 %** as **270** candidates appeared. Of them, **190** declared successful .The total percentage of part **II** held on 12th February was **77%** as **270** candidates appeared. Of them, **210** declared successful. The total percentage of part **III** held on 13th February was **86 %** as **141** candidates appeared. Of them, **122** declared successful in the NEB Step-III exam (OSCE / VIVA).

While talking to media President PM&DC Prof.Dr.Shabir Lehri said that on 11th and 12th three sessions of three cycles each comprising of 15 OSCE /Viva stations were conducted for 540 graduates at Allama Iqbal Medical College and Fatima Jinnah Medical University Lahore. On the 13th of February yesterday was conducted at Allama Iqbal Medical College Lahore for 141 candidates.

He added that those who have done MBBS in languages other than English have to clear the NEB test because it would help them in understanding medical terminologies in English. Moreover, there were also complaints about the quality of education in foreign universities.

He added that this test is mandatory for the doctors who want to do practice in the country. PM&DC will not tolerate any type of corruption as there has been a bad image of the examination. PM&DC new council has pledged to improve the system of the examination and over first priority to eradicate corruption.

The test is a mandatory for the students who get MBBS degree from a foreign university and want to do medical practice in Pakistan.
